

SalesCloser Technologies Announces DTC Eligibility, Enabling Electronic Settlement of Trades in the United States

Common shares are now eligible for electronic clearing and settlement in the United States through The Depository Trust Company, simplifying the process of trading and enhancing liquidity of the Company's shares in the United States

VANCOUVER, BC, September 21, 2026 -- SalesCloser Technologies Ltd. ("**SalesCloser**" or the "**Company**") (TSXV: SCAI) (OTCQB: SCTLF) (FSE: MJ5), a pioneer in autonomous AI sales technology, is pleased to announce that its common shares are now eligible for electronic clearing and settlement in the United States through The Depository Trust Company ("**DTC**").

DTC is a subsidiary of The Depository Trust & Clearing Corporation ("**DTCC**") and manages the electronic clearing and settlement of publicly traded securities in the United States. Securities eligible for electronic clearing and settlement through DTC are considered to be "DTC eligible" and may be traded through participating brokerage firms using electronic book-entry transfers, without the need for physical share certificates. DTC eligibility is expected to simplify the process of trading and enhance liquidity of the Company's common shares in the United States. This electronic method of clearing securities speeds up the receipt of stock and cash and accelerates the settlement process for investors and brokers, reduces administrative cost, and enables the stock to be traded over a much wider selection of brokerage firms by coming into compliance with their requirements.

The Company's common shares commenced trading on the OTCQB Venture Market under the symbol "SCTLF" on July 7, 2026, and continue to trade on the TSX Venture Exchange under "SCAI" and on the Frankfurt Stock Exchange under "MJ5". DTC eligibility completes the operational groundwork behind the Company's U.S. quotation, making it more straightforward for U.S. investors to hold and trade SalesCloser common shares through their existing brokerage relationships and making the Company's shares more accessible to the U.S. investment community. Existing shareholders are not required to take any action as a result of the Company's common shares becoming DTC eligible.

“Our shares have been quoted in the United States since July, and DTC eligibility is the step that makes holding them as routine as any other position in a U.S. brokerage account,” said Ali Tajskandar, Chief Executive Officer of SalesCloser. “As our commercial footprint expands across North America, we want the mechanics of owning the stock to be a non-issue for investors who want exposure to what we are building.”

About SalesCloser

SalesCloser.ai is a Vancouver-based AI software company focused on automating and scaling revenue generation through conversational AI. The Company’s platform enables businesses to deploy AI-powered virtual sales agents that engage prospects and customers across the sales lifecycle. SalesCloser’s agents conduct real-time, personalized interactions across voice, video, and digital channels, including lead qualification, product demonstrations, follow-ups, and meeting scheduling. By augmenting core sales functions, the platform helps organizations increase capacity, accelerate pipeline velocity, and improve conversion rates without a corresponding increase in headcount. The platform integrates with existing CRM and business systems, supports multilingual deployment, and delivers consistent, high-quality customer interactions across industries. SalesCloser operates under a subscription-based SaaS model, generating recurring revenue with strong visibility and high gross margins while continuously enhancing its AI capabilities. The Company’s technology is supported by a growing portfolio of patents and patent applications focused on improving the performance of AI-driven conversational workflows. SalesCloser.ai is listed on the TSX Venture Exchange under the ticker “SCAI”, on the OTCQB Venture Market under the ticker “SCTLF”, and on the Frankfurt Stock Exchange under the ticker “MJ5”.
